• Wardrobes • Doors • Architectural Fittings • Xtone Surfaces

ABOUT US

Founded in 1972, Furniture International Ltd has spent over 50 years crafting high-quality, custom-made furniture for homes, offices, hotels, and restaurants across East Africa. With a team of 100+ skilled craftspeople and state-of-the-art European machinery, we deliver consistently beautiful results, from a single bespoke piece to a complete space fit-out.

Clients across
East Africa

100+
Skilled
Craftspeople

We work closely with architects and interior designers to bring their plans to life, and for clients who need guidance, our in-house team is on hand to help. From first conversation to final installation and beyond, we take the hassle away from you.

IN-HOUSE MANUFACTURING

From machining and cutting to upholstery and finishing, every stage is handled with care at our Nairobi facility. Our in-house capability allows us to maintain quality, consistency, and control across every project.

OUR SOLUTIONS

From offices to hotels and homes, we design, supply, and install furniture that elevates every space.

Project Support

OFFICE FURNITURE FIT-OUTS

Your workspace says a lot about your business. At Furniture International, we help you say the right things with office furniture and complete fit-outs that are as functional as they are impressive.

Whether you need a single executive desk or a fully furnished multi-floor office, we bring the same level of craftsmanship and attention to detail to every project.

Our range includes executive desks, high and low cabinets, conference tables, reception desks and more. All custom-made to your specifications, your space, and your brand.

We manage the entire process from design and manufacturing through to installation, so you get a seamless experience and a workspace that works.

CUSTOM FURNITURE

When off-the-shelf won't do, we create it. We work from your architect's, designer's plans or sit down with you directly to create furniture that fits your space perfectly and reflects your style.

From bespoke statement pieces for homes and lobbies to custom-designed seating, tables, and storage for restaurants and commercial spaces, we bring your vision to life with skill and care.

Every piece is crafted in-house at our Nairobi facility, using premium materials and European machinery that guarantee a consistent finish every time.

HOSPITALITY FURNITURE

We understand that in hospitality, every detail matters. The furniture in your hotel, restaurant, or resort isn't just functional, it sets the tone for the experience your guests will have and remember.

Furniture International has a long track record of delivering high-quality, durable furniture for hospitality environments across East Africa.

From full hotel room fit-outs to restaurant seating and lobby pieces, we create furniture that is beautiful, hardwearing, and tailored to the demands of a busy commercial setting.

Our recent work includes a complete fit-out for Pullman Hotels in Upper Hill, Nairobi. A project that reflects our ability to work at scale without compromising on quality or craftsmanship.

Whether you're opening a new property, refreshing your interiors, or replacing worn-out pieces, we'll work closely with your team to deliver on time and to the highest standard.

KITCHENS, WARDROBES, VANITIES & XTONE

KITCHENS, WARDROBES, VANITIES

Your home deserves furniture that feels like it was made for you, because with us, it is. We specialise in fully bespoke kitchen, wardrobe, and vanity designs, crafted to suit your space, your lifestyle, and your taste.

We begin every project by listening. Understanding how you use your kitchen, how you organise your wardrobe to the finishes you love. These conversations shape everything we create. The result is furniture that doesn't just look beautiful, but works beautifully too.

Our team handles everything from design and manufacturing through to installation and ongoing support, with a commitment to quality craftsmanship and meticulous attention to detail at every stage.

XTONE-SINTERED STONES SURFACES

We are proud to be Kenya's only stockists of Xtone, Porcelanosa's premium large-format sintered stone surface.

Incredibly durable, heat and scratch resistant, and strikingly beautiful, Xtone elevates any space it touches.

We don't just supply it, we fabricate and install it too, giving you a complete, hassle-free service from slab to finished surface.

- Kitchen countertops & islands
- Bathroom vanity tops
- Dining & coffee tables
- Feature walls & cladding
- Custom furniture surfaces

ARCHITECTURAL FITTINGS, IRONMONGERY

HÄFELE FITTINGS

The details are what make a space truly special. That's why we partner with Häfele, one of the world's most respected names in furniture fittings and architectural hardware to bring you German engineered quality across everydoor, drawer, and cabinet in your space.

From sleek flat-track sliding door systems and smart digital locks to concealed hinges, door closers, and stainless steel butt hinges, the Häfele range combines intelligent engineering with elegant design.

Every product is built to perform and built to last because we believe that what's behind the surface matters just as much as what you see.

Whether you're fitting out a home, office, hotel, or restaurant, our team can advise on the right hardware solutions to complement your furniture and elevate your space.
